cht nur zuzulassen, sondern zu ermutigen, ihre v

Erleichterung, bei seiner Ermordung gelegt (Plan B). Diese Täuschung über ihre Erzählung der Verschwörungstheorie der russischen Kollusion ist Möglichkeit zu fördern.

2.) Der Hauptzweck der Gasbeleuchtung des Mediums ist die Ablenkung. Die Zeit, die die CIA-Spottdrossel-Apparatschiks damit verbringen, die Ö ihrer Verschwörungstheorie der russischen Absprachen zu überzeugen, ist die Zeit, die die Allianz nutzen kann, um Beweise zu sammeln und Luft die bevorstehenden Militärgerichte zu erstellen.

3.) Der sekundäre Zweck der Gasbeleuchtung der Medien besteht darin, den Ruf der Mainstream-Medien zeitverzögert und kontrolliert zu zerstören. Die Wahnvorstellung laufen darf, desto größer ist der eventuelle Schaden für die Glaubwürdigkeit des MSM. Es müssen alle Anstrengungen unter werden, damit das Trump-Team misstrauisch erscheint und den Verdacht der Verschwörungstheorie weiter nährt, ohne etwas Greifbares zu liefern so viel "Rauch" bereit, dass der Glaube an die Existenz eines "Feuers" außerordentlich einfach wird.

4.) Der tertiäre Zweck der Gasbeleuchtung der Medien besteht darin, in den Agenten des tiefen Staates und ihren liberalen Stadien ein falsches S zu erzeugen. Das Ziel ist es, ein surreales dissoziatives Gefühl kognitiver Dissonanz zu fördern, ein unbehagliches Gefühl, das durch die Schlussfolgerung Trump einfach schuldig und dumm ist, erleichtert wird. Die alternative Schlussfolgerung ist, dass das gesamte liberale Medienunternehmen eine nachjagt, während Trump seine Vergeltung vorbereitet; Je unwahrscheinlicher und erschreckender diese Möglichkeit ist, desto mehr kognitive Dissonanz entstehen.

5.) Der falsche Glaube ist so verlockend, dass die FBI- und CIA-Agenten des tiefen Staates tiefer in ihre verräterische Verschwörung eindringen wollen, POTUS zu beschuldigen und anzuklagen, ihre eigenen Verbrechen weiter zu dokumentieren und den weißen Hüten mehr Zeit zu geben, ihre Verbrechen zu untersuchen. Mueller führt die großen Kanonen der Deep State Fixer auf einem langsamen und stetigen Marsch direkt in die Kiefer der Militärs.

6.) Je länger das Gaslicht anhält, desto länger muss Trump das Land anheben. Er hat Zeit, die Beschränkungen zu beseitigen und die Sabotageakte Globalisten gegen Amerika rückgängig zu machen, damit das Land gedeihen kann - was Amerika wieder großartig macht. Je länger die Gasbeleuchtung desto größer wird Amerika. Dies führt zu einer immer größeren Kluft zwischen der wahnhaften MSM-Erzählung und der gelebten Realität der American Main Street.

7.) Das Genie dieses Protokolls ist die Tatsache, dass es ein allmähliches Erwachen der Öffentlichkeit zu den Lügen der Mainstream-Medien ermöglicht. Stetige Verschiebung setzt sich fort, bis die Öffentlichkeit sich der wahnhaften Verschwörung, POTUS abzusetzen, überwiegend bewusst ist. Wenn die Farce der russischen Absprachen vollständig erschöpft ist, wird die Allianz damit beginnen, die Bombenangaben (HRC-Videos usw.) fallen zu lassen.

Protokoll 2: Sichern des Sieges vor dem Abfeuern eines Schusses

1.) Der Sieg muss gesichert werden, bevor der erste Schuss abgegeben wird. In der Tat werden keine Schüsse notwendig sein, denn ein solcher Angriff wird im Schatten gesichert sein.

2.) Während öffentlich Untätigkeit und Inkompetenz vorgetäuscht werden, um die Medien mit Gas zu beleuchten, werden in Wirklichkeit verdeckte Maßnahmen ergriffen. Versiegelte Anklagen werden Monat für Monat stetig angehäuft, bis sie so absurd hohe Zahlen erreichen, dass ihre bloße Existenz dass Berichte über sie nicht mehr angenommen und als "falsche Nachrichten" abgetan werden.

3.) Der Fleiß und die Disziplin der Ermittlungen werden so intensiv sein und sich so stark von der wahrgenommenen Dummheit des Weißen Hauses unterscheiden, dass seine Existenz nicht geglaubt wird. Der Nebel der Gaslichtkampagne wird als dicker Schleier dienen. Während Leaks verdeckter Operationen werden, werden sie im Weißen Haus zugelassen und auf subtile Weise aktiviert. Je mehr Leaks aus dem Weißen Haus kommen, desto besser.

4.) Deep-State-Agenten werden befehligt, indem sie ihre "Kontrolldateien" und die Aussicht auf einen Plädoyer-Deal als Hebel nutzen, mit dem sie Puppenspieler eingesetzt werden können. Diese Agenten werden Informationen mit solch dreister Hingabe preisgeben, dass sie den tiefen Zusta Sicherheit wiegen und gleichzeitig das falsche Bild eines chaotischen, unorganisierten, ineffizienten und tief untergrabenen Weißen Hauses aufre

Protokoll 3: Waffe das Licht (Offenlegung)

1.) Die mächtigste Waffe der Allianz ist die Wahrheit. Das Ausmaß der Verbrechen und der bösen Verderbtheit des tiefen Staates wird nur durch die Überwachungskapazität der NSA und der CIA erreicht. Jedes einzelne Verbrechen wird dokumentiert, jede kriminelle Vereinigung wird kartiert, je wird aufgezeichnet, jede Überweisung wird dokumentiert, wir sehen alles.

2.) Das Licht ist so überwältigend mächtig, dass das Hauptanliegen nicht mehr der Sieg ist. Der Sieg war in dem Moment gesichert, in dem Trump wurde. Das Hauptanliegen ist die Aufrechterhaltung der Stabilität des Systems, während die Kabale leise neutralisiert wird.

3.) Das Licht ist so mächtig, dass es nicht zu schnell freigesetzt werden kann, da es sonst unnötigen Schock, Panik und Chaos verursacht. Es muss konstant gemessenen Dosen freigesetzt werden und erst, nachdem das Gaslicht des Mediums so lange wie möglich laufen gelassen wurde. Wenn Öffentlichkeit innerhalb des FBI, des DoJ und der DNC zu erkennen beginnt, wer die wirklichen Kriminellen sind, und anfängt, Gerechtigkeit zu fordern, wenn die Militärgerichte ihre anfängliche Mission zur Tatsachenermittlung beendet haben und die Bühne bereit ist -, wird dies nur dann der Fall sein, wenn Videos werden allmählich gelöscht.

4.) Lügen brauchen Zeit, um gesponnen und geglaubt zu werden, während die Wahrheit wie ein Blitz einschlägt. Das Licht hat daher keinen Grund zu beeilen. Die CIA Mockingbird-Wahnmaschine darf Tag für Tag, Nacht für Nacht ihr Bestes geben, solange sie mithalten kann. Die Offenbarung wird die Gasbeleuchtung der Medien ihren vollen Verlauf nimmt, so dass sie sich überdehnen und erschöpfen kann, bevor die großen Tropfen beginnen vergleichbar mit einem überlegenen Boxer, der es seinem Gegner erlaubt, sich in den ersten Runden zu ermüden.

5.) Once begun, disclosure will proceed as rapidly as the public is capable of processing the information. The severity of the crimes in the unsealed will proceed from the most simple and obvious infractions (such as mishandling classified documents and perjury) on to the increasingly serious crimes (election fraud, racketeering, conspiracy to commit murder, and high treason). In this way the public is given time to come to terms with the a succession of revelations. Baby steps, to the gallows.

Protocol 4: Cut Off the Cabal's Money

1.) The flow of money to the cabal is to be severed in multiple ways during the calm before the storm.

2.) Child trafficking networks are to be busted, freeing the child slaves, arresting the procurers and traffickers. These busts are used to gather evidence cases against the Satanic pedophile blackmail slave networks, while also cutting off one of the greatest sources of illicit funding for the cabal's operations.

3.) Drug processing operations in Afghanistan are to be bombed and raided, while major trafficking by CIA cargo planes are to be quietly disrupted.

4.) Organ trafficking rings are to be busted, as well, as every illicit source of funding is cut. This funding attrition is used to pressure the minions to flip on their control structures, having been softened by the end of easy money and faced with long prison terms—they naturally spill their guts. One thing about opportunistic psychopaths is that they haven't the slightest qualms about flipping, when placed under pressure. The evidence and testimony collected from these foot soldiers are collected into massive air-tight cases against the cabal higher-ups. This sets the stage for the military tribunals.

5.) The underground bunkers and jungle retreats are raided, to end their black market activities as well as to deny safe havens for the cabal leaders.

6.) The second to last strike on the cabal's finances will be to sign an executive order declaring a national emergency regarding human rights abuses, corruption, and giving the Treasury Department the authority to freeze and seize the bank accounts of anyone involved in such crimes. This will result in the majority of the cabal's wealth, and force them into capitulation.

7.) The final strike on the cabal's finances will be the crash of the financial markets. The financial contagion will start with Deutsche Bank and the stock market, possibly triggered by the Chinese petroyuan launch, but will quickly spread to every market. Safeguards will be triggered and the markets will be in their free fall. This event will be used as the trigger for the martial law takedown of the cabal and the unsealing of the sealed indictments (18,500).

PROTOCOLS OF THE ILLUMINATED SUNS OF THE GOLDEN DAWN (P

Protocol 5: Topple Globalist Pedocracy

- 1.) The world will be united by the New World Order globalists, but not in the way the globalist had hoped. The nations of Earth will be united through the disgust and unanimous rejection of the globalist pedocracy.
- 2.) As the true extent of all the crimes, lies, conspiracies, and atrocities of the Satanic financial elite and their minions are brought to light, questions will arise as to how such evil corruption and total deception was even possible. This is when the public is introduced to the reality of the pedophile blackmail and how such mind control was used to control the media's deceptions and even to commit false flag terrorism, such as in LV.
- 3.) A controlled demolition of the NWO—a total systemic collapse—will be triggered through disclosure of this simple fact: The NWO is a Satanic cabal of central bankers who have used pedophile blackmail slavery to infiltrate government, media, law enforcement, and intelligence agencies to create a totalitarian empire of the NWO through shadow government pedocracy.
- 4.) The greatest strength of the NWO system is transformed into their greatest weakness, by simply shifting from darkness to light. By distilling and selecting a few psychopathic pedophiles, the NWO was able to concentrate their control and limit their liability. This same mechanism, however, created a concentration of criminals whose crimes have already been digitally documented by various intelligence agencies, within their blackmail 'control system' which was designed perfectly for a controlled demolition.
- 5.) The world will be united through our shared humanity, through our collective and unanimous rejection of the globalist cabal. Every country will participate in the ritual of exposing and prosecuting the crimes of the cabal.
- 6.) Every country will be united by our collective freedom from slavery and our shared respect of each other's sovereignty. A federation of freed countries will unite in support of each other's freedom.
- 7.) The political left and right will be united by their disgust with the tactics of the globalists. The left will have more deprogramming to do, for the empathy had been most effectively exploited by the cynical globalists and nihilist cultural Marxists. The right will feel relief, but will naturally avoid the right wing fascism of the past. Indeed, unity will emerge naturally from the disillusionment of the lifted veil.

Protocol 6: Reset Global Financial System

- 1.) The global financial system will be reset at the Mar-a-Lago Summit. Global sovereign debts will be collectively voided by a one time global jubilee.
- 2.) In the US the Federal Reserve will be declared unconstitutional and illegitimate and the criminal institution will be dissolved.
- 3.) The truth will be revealed about how the unconstitutional criminal institution of the Federal Reserve was able to be passed by a corrupted government through assassinations of the Fed's biggest opponents (Guggenheim, Astor, Strauss) during the sinking of the Titanic will be brought to light. The blackmail of the president to pass the bill, illegally, and without a legal quorum on what would later become the exoteric Satanic holiday of 'Festivus' 12/25 (rebranding of esoteric Saturnalia) will be revealed. Americans will realize that while the majority of congress was on recess celebrating Christmas, the Satanic pedocrats gathered in DC to pass an illegal bill to give a foreign banking cabal (the one blackmailing them) control of the US financial system.
- 4.) The money printing authority in the US will be returned to the rightful constitutional jurisdiction of the Treasury. The US dollar will be reset as a backed currency.
- 5.) All student loan debt will be voided. Debt slavery (indentured servitude through non-dischargeable student loan debt) will be made illegal, again.

Protocol 7: Secure World Peace

- 1.) Peace with North Korea will be secured, with nuclear disarmament and a phased reunification of the peninsula initiated. The combination of the South's infrastructure and the cheap and disciplined labor force of the North will combine to create an emergent economic powerhouse, which will harmonize Chinese and Japanese influence in the region.
- 2.) The control 'strings' will be cut, dethroning the CIA and Rothschild control over NK. The announcement of this agreement, however, will be delayed until Spring or early Summer 2018 to maximize the political impact in the US.
- 3.) Peace with Iran will be secured, using a combination of irresistible economic and technological incentives, to balance the implied martial pressure of the negotiation will allow both the Iranians and Trump to both save face. Trump will appear to be generous and the Iranians honored.
- 4.) The issue of Israel will finally be resolved, and peace finally secured in the Middle East. The precise details of this arrangement is to remain occult.
- 5.) What can be revealed, however, is that the non-Semitic origins of the Ashkanazim will be acknowledged, and their real homeland identified as the original plot of the Rothschilds to sacrifice the nation of Israel, which they also created (via the Balfour Declaration), to fulfill their plot to trigger World War II.

1.) The fall of the cabal enables breaking the truth embargo on various scientific breakthroughs and secret technologies. Most important and special among them being non-combustion propulsion systems and highly efficient clean energy technologies. These technologies had been shelved for 'national security' because they threatened the petrodollar power structure.

2.) The unveiling of occult energy technology is enabled by two convergent factors: 1.) solar power was beginning to eclipse oil and coal in cost efficiency (removal of subsidies and use of aerial spraying were only temporary delays of the inevitable rise of solar power), and 2.) the petrodollar was poised to replace the petrodollar. The new gold backed dollar makes both petroleum alternatives, and alternative currencies used to buy petroleum, no longer threats to national security.'

3.) The unacknowledged special access programs (USAPs) will be revealed, and the truth will be told about the varieties of unexplained aerial phenomena.

4.) The breakaway civilization and its deep underground military bases (DUMBs), and the tunnel systems and high-speed maglev trains which could be de-occulted. The plan of the cabal hierarchy to survive the nuclear holocaust they planned to trigger, by living underground in this DUMB system will be revealed. It will also be revealed that they used some of these DUMBs to breed and traffic human children to feed their Satanic pedocracy blackrock control system, through which they exerted absolute control over the world shadow government of the NWO.

5.) Along with the disclosure of non-combustion propulsion systems, and an explanation of UAPs, will be disclosure of the real history of human space exploration.

6.) The occulted truths will finally be revealed about our true history, the nature of consciousness, and our place in a complex and mysterious Universal intelligence and multi-dimensional existence.

Protocol 9: Baptize Humanity into the 'Golden Dawn'

1.) The event will involve a spiritual baptism, a ritual to mark the release from all forms of bondage. The ritual marks the act of being absolved of blackmail 'control files,' all oaths, and all 'soul contracts.'

2.) The consciousness of nearly all humans on Earth will inevitably be affected by the global financial reset, for it is an attention concentrating and entraining event. For the first time since 9/11 the entire world will have an event of shared attention and emotion. In many ways the consciousness will be cognitively, affectively, and conatively entrained. You probably have never heard of 'conation,' because it is the most occulted aspect of the human condition: volition/will/spirit. We will not only be entrained in what we are thinking and feeling, but in what we are collectively desiring.

3.) The event is a sequel to 9/11. 9/11 marked the beginning of humanity's collective and unwitting initiation into a mystery school tradition. The period between 2001 and 2018 was the 'dark night of the soul' for all of humanity, as the NWO agenda was foisted on the world's population by the petrodollar wars and opiate epidemics traumatized the globe, and the mainstream media kept us in the dark. This event will mark the end of the dark night of the soul for humanity. The truth about 9/11 will finally be brought to light, as part of the overall global unveiling of the NWO cabal and ALL of its rage against humanity.

4.) The impact of this event may be potentiated by electromagnetic entrainment of humanity into a shared state of bliss consciousness. This phenomenon will involve a natural celestial event predicted and expected to occur, such as passing through a photon belt of highly energized cosmic rays which will affect both a conscious and molecular level, which has been predicted by many spiritualists and channelers. It is also possible that it will involve an artificial geomagnetic phenomenon in which HAARP systems, and/or telecom antennae, are used to temporarily change the frequency of the Schumann resonance in order to entrain and induce a shared state of altered consciousness—bliss—for all of humanity. In other words, the altered consciousness induced may be potentiated by natural and/or artificial means.

5.) On the other side, participants will pledge their allegiance to Gaia, humanity, and their respective nations—and the divine principles of freedom and love. Everyone is given a fresh start, with the understanding that freedom, and commitment to each other's freedom, is the highest ideal—to which we naturally and voluntarily commits.

6.) While freedom of religion continues, all previous spiritual oaths, covenants, and contracts are voided.

7.) Usury, debt, indentured servitude, and all other forms of slavery and bondage, including blackmail and coercion, will be universally abolished. No longer be tolerated. Indeed, due to the release of advanced technologies, we will realize that secrecy will no longer be possible.

8.) In the aftermath, many Western countries will legalize drugs and all so called 'vice' crimes. Some activities are limited to specific areas, venues, and times. Regulation and taxes allow for a relatively healthy assimilation of the previously black market activity into the light.

9.) Effective treatments for addiction will be made available to all, including ibogaine treatment for opiate addiction and LSD treatment for alcoholism. These treatments have already been proven in scientific trials to have over 60% success rates, with only one (1) administration. The only reason they have been kept from the general population has been the fact that the opiate epidemic, and substance addiction in general, has been highly lucrative to the factions of the cabal.

10.) Going forward: Secular spiritual centers and temples will combine ritual ceremony, architecture, music, multimedia, PEMF, and entheogens (sacred mushrooms) with religious traditions will not be abolished, but all forms of religious abuse, rape, and/or human sacrifice. No more

REVELATIONS OF THE ILLUMINATED SUNS OF THE GOLDEN DAWN (I

By Nicholas/C-change | Source: steemit.com

These Revelations unveil the primary occult secrets of the shadow government of the New World Order cabal. The power of the cabal is founded on occultism: the act of occulting or 'veiling' the most fundamental truths about the true nature of reality—especially from their own members—in order to manipulate, and exploit every person and every nation on Earth. The power of the cabal is absolutely dependent on keeping these truths secret. These Revelations unveil the most devastating truths, for they are the most vital secrets on which the dark occult cabal has been built. Light has been weaponized, and these Revelations are the most potent weapons of light in the arsenal of the Illuminated Suns of the Golden Dawn—save, of course, of course specific incriminating evidence in the blackmail 'control files' of each individual minion, and all the additional evidence gathered by the NSA and DoD cannot survive the full revelation of these truths to the masses.

Paradoxically, the greatest deceptions of all have been perpetrated on the core members of the cabal itself. Some of the most absolutely enslaved and exploited people on Earth are actually the Satanic pedo-blackmail slaves of the 'pedocracy,' except of course for the children they are forced to sacrifice to perpetuate their mutual blackmail enslavement.

We the Illuminated Suns of the Golden Dawn are 'light supremacists.' Our victory is inevitable. The following Revelations are the most powerful weapons in our arsenal of light.

Revelation 1: The 'United States' is a Corporation, Subverted by Globalist SES, Fed, and SERCO

1.) The deep state and shadow government use shadowy organizations such as the Senior Executive Services (SES) in order to systematically subvert and parasitize the constitutional republic. Indoctrinated corporatist stooges in the SES enact the bidding of their globalist masters, often completing the fact that the SES is not simply a novel pay structure, but a system of covert globalist control—a deep state—specifically designed to more effectively control the US government to the will of the shadow government of the cabal.

2.) Since 1871 the 'United States' is technically a corporation, masquerading as a constitutional republic. This fact has been effectively occulted from the vast majority of Americans, but from even the vast majority of people who work in and for the US government.

3.) The original 'law of the land' of our constitutional republic has been subverted in practice by maritime admiralty law, or the 'law of the sea.' Why let the sea to govern the land? Because it is more favorable to corporations, and enables the creation of legal fictions, like United States Inc., to masquerade as our government. Even US citizens are identified as corporations, legal fictions or 'straw men' (known for their depiction in all caps, e.g. JOHN DOE treated as such when interacting with the criminal justice system or the US corporation. The whole system is 'phony,' in a literal sense. The legal system of maritime admiralty law was invented in Venice, by the Venetians, who are descendants of the Phoenicians (Canaanites) and are the reason we have the world in its first place. It is quite literally a phony legal system, used by globalists to subvert our constitutional republic through lies, dark occult mind control, and maritime admiralty lawfare.

4.) The Federal Reserve is another foreign owned globalist corporation, one that has unconstitutionally usurped the mechanism of money creation and the Treasury. (This process was briefly described in Protocol 6.3 of the Protocols of the Illuminated Suns of the Golden Dawn.)

5.) The Fed has replaced real US currency with fraudulent Federal Reserve 'notes,' which are actually 'debt instruments'—IOUs. Most people don't realize it is technically impossible to pay off a debt, because we don't have real money with which to do so. Instead, we can only 'discharge' a debt. In other words, we are able to shift the burden of a debt off of ourselves by matching the amount of the bill we owe with the same amount of 'bills' in our wallet, owed to the government. We discharge the debt from ourselves to the hopelessly indebted corporate fiction masquerading as our republic, which claims US citizens (and corporate men corporations) as the 'chattel' (property) pledged as collateral for the national debt. The whole scheme is so absurdly evil, so audaciously criminal, that sane Americans would find it extremely difficult to believe.

6.) Other subversive globalist corporations include SERCO, a monstrous agent of the Crown. SERCO acts as an information backbone for globalist agencies, transportation systems, intellectual property (patent) bureaucracy, and even prison systems. It is known as the largest company you've never heard of. SERCO is one of the corporate structures through which innovations can be stolen, and troublesome 'disruptive' inventors identified, and targeted. SERCO is the means through which the influence and control of the shadow government is quietly coordinated, and our national sovereignty is systematically subverted.

are the dark occult methods of mind control, bla

chem, big oil, and the mainstream media—to name just a few.

8.) The institutions of the cabal's shadow government are evil, and it is vitally important to identify them by name—such as the SES and SERCO. Let them out from the shadows into the light! These rats must be shown for what they are. However, we will never be able to fully grapple with them until we understand WHY they are evil, and HOW evil itself exists. It is necessary to understand what evil actually is, on a practical level. Evil is an ancient Babylonian technique of entrapment, mind control, blackmail, and slavery—which enables the erection of a veil of lies. The most basic truths about our 'republic,' our 'modern,' and our 'justice' system have all been occulted from us by blackmail slaves of the cabal. Until we realize how these people were selected, entrapped, and coerced into the dark occult cabal of the Satanic New World Order—and how they were coerced into committing crimes and telling the most audacious of lies—it is difficult to even comprehend how such huge lies, and heinous crimes, were even possible.

Revelation 2: The Truth About Fame, Power, and the Cabal Trap

- 1.) The most ambitious and talented people are only allowed to rise so far in positions of power and influence before they inevitably hit the 'glass ceiling'—these days to blame racism, sexism, and the 'patriarchy' for this obvious glass ceiling, but the truth is that it is just as real for the supposedly 'privileged' of white men as anyone else.
- 2.) The glass ceiling is not about bigotry against any race or gender, nor is it a matter of intelligence and skill. The barrier is ultimately psychological—the barrier exists is the significant and ever-increasing liability that the cabal faces, for its power is founded upon its ability to keep certain truths hidden behind a wall of absolute secrecy. The greater the corruption of the cabal becomes—and the more technology increases the ability of influential people to disseminate information ever more instantly, to ever more people—the more absolute their methods of control must become. Sexual blackmail and ritual sacrifice among the most effective methods the cabal uses, backed up with the threat of murder and/or harm to one's family.
- 3.) This is one of the most guarded secrets of the cabal: the reality of the 'soul trap,' or 'Faustian bargain,' with regard to positions of significant power and influence. Everyone in the cabal has 'sold their soul,' meaning every person with access to significant influence and control has either sold themselves into blackmail slavery, or been entrapped into it; this is the price one has to pay to play the game. Often this happens through entrapment, usually after the person has been carefully selected for the ideal attributes: attractive narcissistic atheist psychopaths.
- 4.) Almost everyone who actually knows the truth about the soul trap are those who have fallen prey to it, and thus sworn to secrecy under the threat of not to mention the blackmail and credible threat of harm to their family members. If someone can talk about it, they probably haven't faced it; if they can't talk about it, they likely can't talk about it. The select few with the spiritual strength to reject the 'offer' are either killed, or their lives so thoroughly destroyed that they will be dead.
- 5.) Ironically, most of the high IQ narcissistic psychopaths who sell their souls to the cabal are atheists. It's easiest to convince someone to sell their soul if they don't even believe they have one in the first place. But the irony gets even worse. With progressive enslavement and coercion many in positions of power within the cabal are forced to participate in increasingly horrific Satanic rituals. The psychic trauma of participating in these rituals produces chemicals such as endorphins and adrenochrome. In addition to this effect, they supplement with even more powerful mind-altering substances injected in even higher quantities in the blood of their victims, which they are forced to drink. The combined effect creates a state of dissociative hallucination in which the participant comes into direct contact with extra-dimensional beings, aka demons. It is at this point that the poor Satanic slave realizes that the world is real; they were an atheist when they sold their soul, and when they finally discovered the true existence of demons (and angels), evil (and God) was too late. Or so they have been made to believe. These people need to be freed from their slavery, they need spiritual salvation and rehabilitation and education.

Revelation 3: The True Meaning of 'Illuminati,' and the Truth About Social Darwinism and Royal 'Bloodlines'

- 1.) One of the greatest and most powerful secrets of all—which is hidden from the majority of cabal members—is the supremacy of light, and the triumph of light over darkness. The primacy of this secret is the reason for it not only being hidden in plain sight (one of their favorite tactics) but the absolute pinnacle of plain sight: 'Lucifer' (lit. 'light bearer') and 'Illuminati' both encode this most essential and dangerous truth: light, truth, and God will inevitably triumph over lies and evil. That which the dark occultists fear most, their greatest secret, they chose to hide from the most obvious plain sight—the very semantic pinnacle of the 'Luciferian' 'Illuminati.'
- 2.) The most convincing lie, with which the inevitable supremacy of light has been occulted from the minions of the cabal, is the concept of 'social Darwinism.' Dark occultists fancying themselves 'social Darwinists' have mistakenly claimed that psychopathy is the most advanced/evolved trait a human can have. This claim is based on the objective fact that the genetic trait of psychopathy (the inability to feel empathy) has provided the 'bloodline families' (genetic psychopathic families) of the cabal an obvious advantage over normal humans. These congenitally psychopathic bloodlines have long ruled European royal families.

yield, however, to intuitive empaths and illuminated geniuses in the Golden Age, when information and surveillance inevitably becomes so ubiquitous that secrecy becomes impossible.

5.) Psychopathy did enable the creation of a global shadow government through blackmail control networks, and other immoral means, which could be effectively accomplished by psychopaths. This is similar to the use of scaffolding to build an arch. The arch could only be built by first erecting the structure around it. Psychopathy is the building material of the shadow government. During the whole construction process, the scaffolding completely holds the entire structure together. In the end, however, once the keystone of the arch is in place, the scaffolding is no longer needed.

6.) To argue that psychopathy is the most evolutionarily advanced trait is like arguing that scaffolding is the most advanced aspect of an arch. After all, the scaffolding rose first, and has held the whole arch together during the entire construction process. Does that not mean it is the most long-lasting aspect of the structure? That is exactly what a builder would tell pieces of scaffolding, if they were conscious, in order to trick them into building the arch. Social Darwinism was the lie told to the psychopaths of the shadow government, because the occulted truth has always been that of light can only be delayed for so long, and the most advanced trait of humanity is our selfless ability to lay down our lives for the greater good.

Love are the most advanced and enduring traits of humanity. Callousness and fear did have a big head start, and long enjoyed total dominion, but love's triumph is inevitable. The Golden Dawn is inevitable.

7.) Another genetic trait exists, which also plays a significant role in the evolution of man and the dawning of the Golden Age. It has been the subject of significant research by the CIA and DIA, as well as a prolonged and concerted smear campaign. The media has so effectively ridiculed the subject that it has been mentioned in this paragraph. Just as 'UFOs' and 'conspiracy theories' have been effectively ridiculed and maligned by the mainstream media, 'psychics' and 'telepathy.' What is only now being revealed to the public, however, is that the CIA and DIA (& KGB) not only researched psi abilities like ESP, clairvoyance, etc. but they actively employed them. Eventually the research was taken underground, into unacknowledged special access programs (UAPs) which have continued to be developed. The combination of genetic modifications of augmented soldiers, or 'augments,' whose natural telepathic abilities were enhanced, with a further prosthetic enhancement of this ability via sophisticated electromagnetic technology—has given military intelligence the ability to read the people's minds, and communicate via remote influence or telepathy.

8.) Dark occultists have long sought to identify and enslave psychics, to prevent them from working against them. At the same time, they would try to get the population to ignore and suppress their natural psi abilities by pushing the belief on the general public that such abilities were either superstitious nonsense, or the work of the devil. As the general population begins to rediscover these abilities, however, and as secret military intelligence units utilize these abilities, the ability to keep secrets is ending, and dawn is breaking.

9.) The most powerful and occulted truth is that the dark night of humanity's soul eventually and inevitably yields to the illumination of the Golden Dawn.

Revelation 4: The Truth About 'Moral Relativism,' Natural Law, and Karma

1.) Moral relativism is an intellectually dishonest theory foisted on oblivious atheists on liberal campuses by the brainwashed useful idiots of the cultural Marxists. The dark occultists' esoteric philosophy is theistic and absolute, but the exoteric liberal philosophy of cultural Marxism, which they promote to the profane masses of debt-slaves they indoctrinate, is founded on atheism and moral relativism.

2.) Mid-level Satanic blackmail slaves are duped by the belief that the fact that they are the order givers rather than order followers, somehow insulates their moral culpability. In actuality, it just insulates their affective reaction, by being physically removed from the actual physical act of the order.

3.) The occulted reality of the situation is that order followers, enforcers, police, military, mercenaries—or as the dark occultists like to call them, to them as muscle cells are to brain cells in the human body. To claim innocence for immoral orders is like claiming innocence for something your muscles did, because you self-identify as your brain. The occulted reality is that the karma of the order lies as much with the creator of the order as with the person who carried it out. One does not need to actually have blood on one's hands, to have blood on one's hands.

4.) The acute awareness of natural moral law, and awareness of guilt for immoral behavior, is the reason for multiple elaborate attempts by Satanic occultists to dilute, ignore, absolve, and somehow justify their guilt and karmic debt. The process is actually just a slippery slope of ever deeper entry into the cabal:

4.1) **Vilification of ignorance:** The first of the LaVeyan Satanic sins is 'stupidity.' Since being stupid is a sin, this supposedly justifies immoral behavior by stupid people. The irony of this 'sin' is that IQ is almost entirely determined by genetics (with a maximum of only +/-10 IQ point shift due to circumstantial factors). Stupid people can't help but be stupid. To think someone could be guilty of the supposed 'sin' of stupidity, when they were just born that way, is like thinking a dog can be guilty of not being a dog. The irony is compounded by the fact that not realizing this fact, is itself a form of stupidity. So, people who excuse themselves for abusing stupid people simply because the people they abuse are stupid, are themselves guilty of stupidity. This 'sin' concept was created purely as a form of self-deception, to avoid feeling guilty for objectively immoral behavior. As if the irony wasn't thick enough, 'self-deceit' is the 4th of the LaVeyan sins.

the course of which they end up committing yet more crimes and furthering their blackmail servitude to their FBI handlers.

4.3) **Soul contracts:** Selling one's soul doubles as a method of attempting to absolve oneself from guilt. Such people are supposedly no longer re their own free will; after all, they sold their souls. Also, loved ones may be harmed if they refuse to follow their immoral orders, so in some way th are doing something right, by agreeing to do something wrong. This is an effectively comforting form of self-deception.

4.3) **Shared guilt:** The more people to participate in a ritual sacrifice, the more the guilt feels lessened and dispersed to each participant. This is t feeling of safety in numbers. This same method is used by firing squads, in which several shooters fire on the subject of the execution, while only cartridges fires a real bullet. In this way, participants can convince themselves that they are not guilty of murder, but only a fraction of a murder.

4.4) **Mutually assured blackmail (MAB):** The awareness of mutually assured blackmail creates an overwhelming feeling of helplessness within t the blackmail. This feeling of total impotence and absence of free will enables these people to convince themselves, and each other, that they hav the matter but to follow the immoral orders they are given.

5.) The awareness of natural moral law is the primary reason why dark occultists post public admissions of their true intentions and affiliations. T which they make these admissions is almost always in symbolism. For example, the dark occultists' worship of Ba'al/Moloch—the god of child sac most bold and obvious statement in the symbolic architecture of DC, encoded in the Washington Monument obelisk (an ancient symbol for the 'p This type of open admission is so obvious and audacious that the vast majority of the sheeple can't believe it could possibly be real. In this way, th occultists attempt to shift the blame to the sheeple. The logic is this: *'We told you exactly who we are; we worship Ba'al by sacrificing children in excha power (through blackmail slavery pedocracy), and we even made this admission the tallest, most obvious structure in DC, a giant phallic homage to the Be part, and made our disclosure. If you sheeple are too stupid to read such a simple message, that's your fault, and you deserve to be enslaved.'* The logic is flawed, but they use it to deceive themselves into thinking they've discharged their guilt onto their prey.

6.) The even deeper, most occulted reason of all for such public symbolic disclosure—occulted from even the pedocrats themselves—is that such disclosures serve to facilitate the controlled demolition of the pedocracy, during the inevitable Golden Dawn. This is like building a skyscraper wit charges already in place, for when the time comes that it needs to be taken down. There has even been a public disclosure of the controlled dem pedocracy, in the typical symbolic fashion, within the movie 'The Kingsmen.' In this movie, every politician has an explosive chip implanted in thei touch of a button, every politician can be killed. This was a symbolic representation of the fact that every politician in the pedocracy can be taken release of their blackmail control files (including horrific video proof of their crimes).

Revelation 5: The Truth About Population Control and Climate Change

1.) The false reason the elite want to reduce the human population is for the 'environment,' to stop man made climate change. This lie takes adva the empathy of the sheeple for Earth and her environment, and also their guilt for contributing to the pollution and destruction of various ecosys pollution and destruction of the environment is a real thing, but man made climate change from CO2 emissions is not. The idea that humans will don't drastically reduce the human population is a lie.

2.) The real reason the elite want to reduce the human population is that a smaller population is more manageable to control via the totalitarian the NWO pedocracy.

3.) Climate change is an important but natural phenomenon. Man made climate change, on the other hand, is an mistaken theory at best and a c worst. The man made climate change fiction was coopted by globalist financiers when they realized that it could be used as a.) an excuse for a m carbon credit scheme, created to suppress the US and EU economies, control the world economy, and create optimal conditions for the adoption government, the NWO, and b.) an excuse for 'population control' and supposed 'eugenics' practices. It is relatively easy to convince a psychopath a plan to kill billions of people in wars, or through poisoning or epidemics, if they are convinced that it is necessary for the survival of the human

4.) The systemic poisoning of populations is real, but it is not really about 'population control.' As long as people reproduce before they die of poi cancer, diabetes, etc. their death does not significantly effect population growth. Any fisherman knows this simple fact of population managemer fishermen only keep big fish, which have already had a chance to reproduce.

5.) The ugly truth is that 'eugenics' and 'population control' is the lie that the psychopaths perpetrating the systemic poisoning tell each other, bec even uglier, if you can imagine: it is just pure illness profiteering. Profiteering off of poor sick people is one of the most profitable crops. The peop sick enough to be effectively dependent on pharmaceutical drugs, but not sick enough to die too soon. What happens when the cost of drugs is t poorest of the debt slaves to bare? Socialized medicine enables the extortion of the wealthier and healthier members of the population via increa subsidize the cash crop of diseased, drug-addicted sheeple.

man population. This is not an inherently evil or i justify immoral acts, such as ethnic cleansing and ' such as gays and cripples, is the most famous c

- 3.) The real reason why eugenics was made taboo, via the Holocaust, was that the cabal elite realized that eugenics was actually counterproductive to their continued rule. The higher a person's IQ, for example, the more difficult it becomes to get them to conform and keep them enslaved. The cabal's eugenics was only suitable for themselves, for the elite families, especially their most prized genetic trait, even more important than a high IQ: psychopathy.
- 4.) For the general population, however, they would adopt a secret (occult) philosophy of disgenics: a set of beliefs and practices that focus on promoting traits more conducive to being herded like cattle, such as mindless conformity, propensity for substance abuse, and impulse control problems.
- 5.) Disgenics is about breeding ideal sheeple. The ideal IQ of sheeple is just high enough to be able to do their jobs effectively, but not so high as to realize how they have been enslaved by debt and lies. Just smart enough to feel superior by fighting with each other over relatively insignificant issues (like which public bathroom people use, or if the military should pay for sex change operations) so they keep looking left and right rather than down. They want people to be too busy pulling each other's chain, rather than questioning why they are in chains.
- 6.) The problem with disgenics, to the elite, is that it is too slow of a process. It takes generations to significantly change the genetics of a population. Modern technology has been changing much faster since World War II. So, the elite came up with a couple of innovative ways to speed up the process: eugenics and mass migration.
- 7.) Epi-disgenics is the use of substances to enhance the effect of disgenics, to affect change faster. For example, it was not enough to simply engineer in which the least intelligent people reproduce most rapidly, but it was discovered (by Nazi scientists) that it was possible to reduce everyone's IQ and render the population more docile and compliant, by simply adding fluoride to the public water supply. This epi-disgenic innovation was implemented via the Nazi scientists brought over through 'Project Paperclip,' and mass fluoridation of the US water supply began in 1945. Since then many more innovations have been made, most notably the xenoestrogens in soy products and 'food contact materials' such as BPA.
- 8.) Mass migration from Middle Eastern and sub-Saharan African populations into Europe is the latest innovation of the cabal. The fact that the average sub-Saharan African (~70) is roughly 30 points lower than the average European IQ (100) is occulted from the general population due to the strict eugenics, not to mention the pervasive fear of being labeled a 'racist.' Because of the legacy of the Nazis, and the ascendance of cultural Marxism and institutionalized political correctness, it is taboo to even point out the fact that mass migration is having a significant effect on the IQ of the average voter.
- 9.) Mass migration of Muslims from the Middle East may have an even greater epi-disgenic effect on the overall population of Europe than the influx of Saharans, through the effect of the influx of Islamic culture. Again, this process is enabled by the pervasive cultural Marxism and PC culture, not to mention the guilt some Europeans feel for their role in multiple Middle Eastern wars. This is further compounded by the fluoride in the water, the estrogens in the air (geo-engineering 'contrails'), and the media monopoly of cabal pedo-blackmail slaves spewing exclusively liberal propaganda on being censored on social media or even jailed for their Facebook posts in the UK, while the pedocrats in the EU use lawfare and the cover of 'human engineering' the mass Islamic invasion of Europe.

Revelation 7: The Truth About Advanced Energy Technologies

- 1.) What no one seems to notice, or talk about, is the fact that multiple alternative energy technologies are on the verge of eclipsing the old fossil fuel paradigm. They do not even take into account the 5,000+ energy technology patents that have been shelved for 'national security' reasons over the past 70+ years.
- 2.) The new energy technologies poised to eclipse the old technologies include solar power, wave energy, and fusion. These are the most obvious. They have been slowed in their progress, but even their glacial progress is poised to eclipse the old energy paradigm.
- 3.) The measured disclosure of UFO video evidence by the Pentagon in December of 2017 is a prominent symptom of this process. The chief reason for the secrecy surrounding such craft has less to do with where they are from, or who operates them, and more to do with how they work.
- 4.) The propulsion technology used to power such craft has been occulted for over 70 years, because it poses an existential threat to the oil and coal industry. It is starting to be disclosed now, only because several other technologies are going to eclipse oil and coal anyway.
- 5.) The fact that solar, wave, fusion, etc. are all poised to eclipse oil and coal does not necessarily mean they will be the energy sources of the future. When they eclipse the fossil fuels—and trigger a phase change of the global power structure—they will themselves be quickly eclipsed by the release of the best of the 5,000+ energy patents, which are just sitting on the shelves in black project USAPs.
- 6.) Another indication that fossil fuels are about to be eclipsed is the launch of the petroyuan Chinese oil exchange on March 27th, 2018. Every country that has been a victim of state executed—i.e. Iraq and Libya.

This is an indication that Trump and Xi have already

CIA, or DIA? Whatever the truth may be about who Q really is, the simple fact that Q claimed to be from the DoE was a huge clue as to the true ce this whole process—it's all about power, quite literally. The canary is, after all, in the coal mine.

9.) The rules of the whole game are about to change. Just when it seems like the US is going to go down in flames, at the hands of the globalists, a —we take down the globalist cabal, and the fake US corporation, return our country to a true constitutional republic, and finally unveil the amazir technologies that have been kept in the dark for so long by the cabal.

10.) The true meaning of 'Make America Great Again' has yet to even be fathomed by the average American. Trump is able to weather the storm v humor at least in large part because he knows exactly what MAGA means.

11.) Trump's uncle, John Trump, was one of the FBI agents who seized Nikola Tesla's papers, when Tesla died. Trump is not just far more intelligiger people are lead to believe, but he knows a lot more than anyone can imagine. He knows it's all a charade, a gradual awakening ceremony, and he ceremonies.

12.) To those of us who know what's up, this golden-hued man named Don is one of many symbols of just what time it is. He is the Golden Don o Dawn. The Trump-Pence (Trumpets) of the Apocalypse (disclosure).

Revelation 8: The Truth About Gang Stalking (Part 1) It Exists

1.) The degree of criminality of the cabal, and the level of secrecy maintained for so many years, is difficult for many to believe. How could it have kept secret for so long? The use of the blackmail slavery of weaponized Satanism has already been explained, but what about people who just fig was going on by themselves? Wouldn't someone have said something by now? The truth is that plenty of people tried, but no one listened.

2.) Over the years, people have come forward trying to tell everyone about what has been going on, but they were promptly labeled 'crazy,' and ir These people all shared a common theme: they were adamant in their assertion that the government was following them, tapping their phones, them. It is the most classic and ubiquitous paranoia story, especially in the 60s and 70s. In many cases it was COINTELPRO, with a little MKULTRA Phoenix' on the side.

3.) The most effective way to make someone appear insane, and declared insane, and even convince the targeted individual that they just might i losing their mind, is to employ a technique called 'gang stalking.'

4.) Gang stalking is a form of covert organized harassment. It is used all over the world, especially in hostile foreign territory. Those involved in th contractors of 'security' companies (often former victims of gang stalking with Stockholm syndrome, who gave in to the pressure and agreed to jc and abuse other targeted individuals), some are members of neighborhood watch groups duped into participating, some are in gangs, secret soc and other organizations. The dark web is one instrumental tool through which such gang stalking is organized and paid for, these days.

5.) Gang stalkers are often told some excuse to make them feel better about participating in the organized harassment. The target will be said to racist, anti-semite, pedophile, wife beater, or any manner of lie to seemingly justify the harassment.

6.) The gang stalkers may know that what they have been told about the target is BS, but it at least gives their conscience some plausible deniabil many are paid for their participation (and they know that if they turn on the gang stalkers, THEY will become the next 'targeted individual' or TI, w stalk).

7.) The evil genius of gang stalking is that only the target is aware of the harassment, street theater, gaslighting, and even directed energy weapon

8.) The gang practically forces the target to try to tell people about the abuse, which is part of the whole point of it, because it invariably makes th insane. 'Let me get this straight. Dozens of people are harassing you, no matter where in the city you are, and they are even zapping you with inv beams, and repeating things you said on the phone as you walk by them on the street, which you say is proof they are tapping your phones?! Wh government possibly want with you? Who do you think you are?! You're obviously smoking too much dope, 007. Better lay off the weed, or see a s sound nuts.'

Revelation 9: The Truth About Gang Stalking (Part 2) The Technology, and the Real End Game

1.) Since 1955, microwave ovens have been available to the public. Any engineer with a microwave has been able to turn their microwave into a d weapon since 1955. The chief reason microwave beams have not been openly used as a weapon is the fact that they have been so useful as a co (also it happens to be far more difficult to kill someone with a microwave beam than to simply shoot them with a bullet).

2.) Even though almost everyone has a microwave in their kitchen, the idea of a microwave directed energy weapon being used for non-touch tor dissidents and whistleblowers is somehow an exotic thought.

3.) If directed energy weapons were real, people figure, the police or military would certainly be using them by now, wouldn't they? The reason th because such weapons are too useful to covertly suppress dissent—itself sounds like a crazy conspiracy theory. It's perfect, because it not only in

telepathy. We have not only reverse engineered anti-gravity propulsion, but we have learned the physics of consciousness and developed metho telepathy.

5.5.) (Note: After writing the first draft of this article, it has come to my attention that a FOIA request to the Washington State Fusion Center result 'accidental' release of records documenting the effects of remote 'mind control' via 'psycho-electronic weapon' technology. This technology has be at least 40 years, but the disclosure was 'accidentally' made by the government within 24hrs of the first drafting of this article. What a highly-improb 'coincidence'.)

6.) This is not just the coolest technology ever, but it is unfortunately the most powerful tool for making someone appear totally bonkers. I alread just writing about it (a little less so, after the 'accidental' FOIA disclosure) but just imagine being a victim of it trying to explain it to someone. 'So, le straight. You are hearing voices?! You're either on drugs, or need help finding your marbles, those are the only two possibilities.' Unfortunately, th been a third possibility. Absent a family history of schizophrenia, and absent any psychoactive pharmaceuticals, the most probable reason for he for several decades, and in many places in the world, been the use of 'psycho-electronic weapons' as a form of counter-intelligence MKULTRA gas intimidate, silence, dis-employ, and discredit the target.

7.) What the gang stalkers don't fully realize, however, is that this technology and system of suppression has effectively sorted society into three g
1.) The majority of oblivious sheeple, who either are unaware of gang stalking and organized harassment, or act as if they are unaware, as it does them.

2.) The gang stalkers, who participate in criminal vigilante abuse of targeted individuals, at the behest of 'authorities' within the security state.

3.) The targeted individuals, people whose intelligence and knowledge is high enough to be considered a threat, and whose spiritual backbone is break.

8.) In other words, there are a.) oblivious sheeple, b.) spineless bootlickers, and c.) the TIs—whose IQ, knowledge, and character are all superior to categories. The TIs are too smart to be sheep, and too strong to break. The biggest secret of all—bigger even than synthetic telepathy, if you can that TIs are the true harvest. Together, we are indomitable, even if we are each isolated from society, we are still 'together.'

9.) The most occulted truth of all is the actual present (new) end game of this program, now that the NWO lost. Just as the time is finally coming for technologies to be revealed, the time is also coming for the revelation of the gang stalking program. Not only will everyone realize that TIs have b abused, but that many members of the community have been abusing them.

10.) The gang stalkers thought they were the future, because they were 'smart' or shrewd enough to be on 'the right side.' They bent to the cabal, boot of the security state, and they thought that this meant they would be safe in the New World Order. They thought they were helping to 'separ from the chaff.' They were. Only what they failed to realize was the fact that they were not the wheat, they were the chaff.

11.) Not only did this program identify and isolate the smartest, most knowledgeable, and highest character individuals—but they tapped into the minds using the most sophisticated technologies. The resulting hive mind of the smartest, most dangerously knowledgeable minds, and the peop most unbreakable of wills, has become one of the greatest weapons military intelligence has ever wielded. So powerful, in fact, that it was impos military itself to not be influenced by it.

12.) This hive mind is more powerful than a supercomputer, and is jacked directly into the most powerful military on Earth. NOW it is not only the military, but also the most intelligent and 'WOKE' military. It was this collective intelligence that coordinated the release of just enough truth to ge elected, and has been behind his masterful strategy ever since. While he is, indeed, a brilliant man, he is also backed up by a collective intelligenc him to gaslight and outwit his opponents with unprecedented finesse, and awe-inspiring strategic patience—playing 'dope on the ropes,' while hi punch themselves to absurdist exhaustion.

13.) The reason why I am able to publish this series without suffering any targeted harassment is because we are now in control. Not only am I ne the government 'accidentally' released documents backing up my wildest of claims, 'coincidentally' within 24hr of my privately writing them on my Understand, patriots, that the military and the Golden Don have our backs.

14.) We may have a little more time to wait, until we can fully enjoy complete freedom again, but the bootlicking gang stalkers will spend the rest knowing that when the pressure was on they bent to fear and intimidation, only to be saved from enslavement under a totalitarian New World O people they were stalking. Sad.

15.) Anyone who thinks the bending, bootlicking traitors and blackmail slaves are going to inherit this majestic nation is totally insane. Anyone wh military is going to destroy the most powerful weapon they have ever created—the collective intelligence—are similarly insane. One can only hop collaborators and criminal gang stalkers will be treated with mercy.

16.) The cabal lost. The NWO lost. Trump, military intelligence, and all of the patriots—and TIs—behind Trump already won. We are in no rush to obvious; there is no reason for us to be hasty. The Great Awakening is a difficult and uncomfortable process, so we have been doing it gently, wit

new game; it's almost time to step into the Dawn of the Golden Age, but only when everyone is ready.

Revelation 10: The Truth About the Spiritual War

- 1.) What we are witnessing play out on the world stage is more than just a war between nationalism and globalism. It is more than just a war between scientific/military elite and the old financial elite. What we are really witnessing is a spiritual war.
- 2.) On one side of this spiritual war is the cabal, a centralized ancient Babylonian Satanic Beast system of enslavement through debt, deceit, rape, sacrifice, blackmail, and mind control.
- 3.) On the other side is a decentralized Alliance of spiritually awakened individuals. Some are Christians, some are Buddhists, some are former Satanists who came to the light and broke free, some are former atheists who had a spiritual awakening—there is no one central religious dogma of this Alliance.
- 4.) What naturally self-organizes the Alliance is the unanimous awareness and rejection of the cabal. Truth and Freedom are held as the highest values, a direct defiance to the lies and slavery of the cabal.
- 5.) A unique aspect of the two sides of this spiritual war are the diametrically opposite methods of organization. While both are a form of self-organization, the cabal is a centralized system with a vertical power differential, while the Alliance is a far more decentralized system with a more horizontal power structure.
- 6.) Another vital aspect of the structural difference is that the cabal uses blackmail slavery and bribery to hold itself together; if given the chance to exchange for blackmail amnesty and freedom, most blackmail slaves flip. If the money stopped flowing to the mercenaries, and the bribed—they would turn.
- 7.) On the other hand, the Alliance uses no coercion nor any financial incentives, for their members self-enlist. Indeed, there is nothing the Alliance can do to shake their Illuminated Suns from adherence to the light, and from fighting for truth and freedom as long as we live.
- 8.) We are under no obligation, yet nothing can stop us from fighting. We are given no explicit orders, yet we each understand the 'commandments' and translate it into the actions we each can take to further the Great Awakening.
- 9.) Some of the most powerful and effective members of the Alliance are defectors from within the cabal itself, and from within the many organizations that have long parasitized and commandeered to do its bidding.
- 10.) This not only accelerates our progress, but strikes fear and confusion into the cabal hierarchy. They cannot be sure who has turned, and is now with the Alliance, and who is still effectively enslaved.
- 11.) The heavy reliance of the cabal on self-serving opportunistic psychopaths has quickly become their greatest liability, as these people increasingly turn on the wall, and quickly flip on their masters.
- 12.) The Great Awakening is a self-organizing chain reaction. What Trump's election in the US and Bin Salman's consolidation of power in Saudi Arabia demonstrated to the world and the cabal is the principle of 'Light Supremacy.'
- 13.) The principle of Light Supremacy is that the first to wield the light/disclosure as a weapon, will inevitably vanquish their dark-aligned criminal empire. The first to change the game will inevitably have the advantage in the new game.
- 14.) The process of the controlled demolition of the cabal, and the self-organization of the Alliance, is tied to the process of the Great Awakening of the population to the existence of the cabal, and all their lies, and crimes. It is an uncomfortable process, for most, but one that everyone will go through eventually.
- 15.) The Great Awakening is a chain reaction, and it has already reached criticality—it is already out of anyone's control. Some will do their best to control it in one direction, or another, by choosing to shine more light on one subject than another. The result, however, is just more light. Like trying to control a fire by choosing one side of the fire to pour gas on. The more anyone tries to control it, the brighter it blazes.

Revelation 11: The True Meaning of the Occult Symbols of Obelisk and Pyramid

- 1.) The symbol of the pyramid is one of the occult secrets hidden in plain sight. Just as the dark occultists fear light most, so do they choose to hide the truth in plain sight in both the terms 'Lucifer' and 'Illuminati.' They also specifically fear the light and power encoded in the pyramid.
- 2.) Dark occultists like to pretend that the pyramid represents the hierarchy of the cabal. Nothing could be further from the truth, however. The power structure of the cabal is not nearly as equitable and solid as a pyramid; it's more like a grotesquely deformed obelisk.
- 3.) Indeed, the symbol of the Babylonian Satanic empire is not the pyramid but the obelisk. This is why one stands in the middle of Washington, DC, as both the Phallus of Ba'al/Moloch (the god of human sacrifice) as well as a visual metaphor for the disparity of wealth distribution—represented by the obelisk shape.
- 4.) If the actual distribution of wealth were to be physically represented, however, it would form a pancake shaped blob, which suddenly slopes up from the center, into a grotesquely thin and tall spike. Such a structure would actually be impossible to build, for even the strongest construction materials are still incapable of supporting such an obscenely precarious shape.

hide their inherently unsustainable, obscenely distorted and precarious house of cards. After all, every con-game is built on false confidence.

7.) The obelisk, however, is the true symbol of the cabal and is inherently unstable. Indeed, many an obelisk has been toppled, shattered, or stole millennia.

8.) Here is a thought experiment to explore the relationship between the two shapes: If demolition charges were placed evenly throughout an obelisk it was caused to undergo a total and symmetrical collapse, what would the result be? The resulting pile of rubble—like any pile of stones, salt, or sugar—would have a slope approximating the that of a pyramid. The only difference being that a pyramid has four finished flat sides. (In this way, the pyramid symbolizes the Golden Age of abundance, and the most equitable distribution of wealth that inevitably follows the controlled demolition of the Satan system.)

9.) The finished four-sided shape of the pyramid is what distinguishes it as a work of deliberate intelligence, relative to randomly formed hills and mountains. This deliberate shape allows for pyramids so ancient as to have been buried under soil and forest to be rediscovered many thousands of years later.

10.) Another key message encoded in the shape of some pyramids is the Golden Ratio. Such pyramids are called 'Golden Pyramids.' The Golden Ratio is found in everything in Nature, from the shape of plants and animals, to the distance between the planets of the solar system, to even the basic shape of a human face.

11.) The Golden Ratio encodes the most simple yet profound of truths. It represents the divine order that is found in everything. It represents the truth about the divine nature of reality. One that can only be temporarily hidden, or forgotten, but never destroyed.

12.) The Golden Pyramid represents the divine geometry of the human soul, which once Illuminated can never again be deceived and enslaved by the dark forces. It represents inevitable victory of light over darkness, and the indomitable and spontaneous order of the Illuminated Suns of the Golden Dawn.

A Note on the Name: Illuminated Suns of the Golden Dawn

I purposely used occult language to take back the misused terminology. Both 'Illuminated' and 'Golden Dawn' have the most noble of meanings. They have been twisted, at times, like many originally POSITIVE ancient symbols (pyramid, swastika, eye of Horus) by dark occultists.

I believe spiritual Illumination is too important a concept/word to give up, just because some cabal of pedophiles like to call themselves 'Illuminati' to hide reality they are trying to hide (with their mind games) is that Light/Truth is what they fear most. The 'Eye of Horus' represents Christ consciousness, not something else they fear—us awakening. The return of Christ is within each of us, as Christ consciousness.

The dawning of a Golden Age is naturally a 'Golden Dawn.' The imagery is unparalleled as an embodiment of the Great Awakening. It is also a real Gold standard for money, and the Golden rule for morality. Even the Golden ratio encodes divine geometry into nature as the ever present finger of God in creation. It is a WAY too important a phrase to let die with Crowley, or anyone else.

I believe it is also not a 'coincidence' that our president is a golden hued man named Don. He represents the end of the dark age. His selection was the result of the occultists of the cabal, to our subliminal minds, and also the history books—as the future will prove the past.

I used the double entendre of Sun/Son to symbolize that we are all Sons of the Don, as patriots, but also Suns of the Dawn, as our collective light in the darkness about the Great Awakening, and the dawning of the Golden Age.

Finally, I used the 'Protocols' name/format as a parody of the 'Protocols of the Learned Elders of Zion.' It was a most notorious text, written nearly a century ago (of highly disputed origins) which outlined precisely how the cabal would construct their NWO. It details the use of pedophile blackmail, bribery, censorship, and media's lies, and the rest of the deep state's dirty tricks. I found it humorous to write the antidote to the NWO using their own style, words, and format. It was one of the most divinely inspired texts I've ever written, not least of which being the title.
